

EMINENT

Experts' Meeting of International and National Networks

6th and 7th December 2007

Brussels

Conference topics include:

- Global school networking: international exchange
- Ensuring equity and widespread e-skills and e-maturity
- Evidence-based practice: tools and practices that work
- Making mathematics, science and technology attractive
- Open educational content in the Learning Resource Exchange
- Emerging safety and responsible use issues in technology.

The conference includes plenary sessions, workshops, an exhibition, and the eLearning Awards 2007 ceremony. The working language is English.

EMINENT 2007 is organised in partnership with Belgacom. Our partners for the eLearning Awards are Young Digital Planet, Intel, Interwrite Learning, Promethean, Smart, Apple, Belgacom, Michael, Siveco and Telefónica O2.
